

To Whom it Concerns,

As talent booking director for Disneyland for the past 40 years, I have had the opportunity to audition and hire hundreds of musicians and entertainers.

One of the most outstanding, talented people I have had the opportunity to work with is David Poe. David worked for Disney both at Walt Disney World in Orlando, Florida and Disneyland in Anaheim, California. He is an outstanding musician and entertainer with a Disney work ethic and reliability. He is comfortable working as a single entertainer or as the leader of bands from a three-piece to a big band. He is a great Master of Ceremonies and his portrayal of Jerry Atrix, the humorous night club musician, is a hit wherever he performs. I highly recommend him for any size venue and for any audience. Please feel free to call me for any questions you may have about David.

Sincerely,

Stanford Freese
